

VIVA! PANINI•PANINI

Achieve excellence...

Viva Grills is thrilled to introduce to the world the Viva! panini • panini. This state of the art grilling machine is more than just a grill, it is an automated cooking solution. The revolutionary Viva! panini • panini grill is the first fully patented, automatic panini grill for the commercial market. Designed with consideration for quality, ease of use, and utilizing cutting edge technology, the Viva! panini • panini is in a class of its own and ready to become the foremost panini grill in the rapidly expanding sandwich industry.

Viva! panini • panini grill boasts a sleek and contemporary design that will enhance any establishment. The superior craftsmanship takes advantage of the finest quality and most durable materials and is built to perform and to last. The grill features logic controlled heat output and precision sensing that allows paninis of varying thickness to be grilled to perfection every time with the simple press of a single button. The Teflon coated plates are removable for quick and effortless clean up. Finally the long-awaited, innovative Viva! panini • panini grill is here to become the industry leader in panini grilling excellence.
